

# COOLING TANKS/POOLS

## GENERAL DATA

Our pools are designed for homogeneous and required cooling the producing materials. Stainless steel used for the pools to provide long life time. There are several types of pools as vacuumed, un-vacuumed, caliber table. Vacuumed pools are excited, forward and rewind motioned and adjustable height products which have the fountain for cooling the material homogeneous. Special designed pools have special covers and the gaskets to keep the pressure without any losses. Open cooling pools may be needed after the vacuumed pools. The caliber tables have collector systems, vacuum systems and 6-axe movement ability.

## SPECIFICATION

	GALVANIZED	CHROME
2 MT	+	+
4 MT	+	+
6 MT	+	+
